Dear Long-Term Care Home Licensees:

Re: Additional COVID-19 Prevention and Containment Funding

Thank you for your ongoing efforts to ensure our long-term care residents and dedicated staff receive the best care possible during this unprecedented time.

As part of our government's ongoing efforts to stop the spread of COVID-19, we are providing up to \$47,407,000 in additional prevention and containment funding to support long-term care homes across the province. This investment is part of the \$405 million referenced in the fall preparedness plan to continue to help homes with operating pressures related to COVID-19.

This funding will provide eligible long-term care homes with further financial relief to cover the extraordinary costs incurred to prevent and contain the spread of the COVID-19 virus, while maintaining quality care and services for residents.

As outlined in my April 9, 2020 letter, long-term care homes may use these additional funds to support any necessary incremental expenditures that will help prevent and contain outbreaks. As such, eligible expenditures are not limited to specific expenditure categories. The Ministry of Long-Term Care continues to work with the sector to better understand these types of expenditures.

Sheila Bristo, Assistant Deputy Minister of the Long-Term Care Operations Division, will share details about the terms and conditions of both tranches of funding with you in the near future.

The health and well-being of all Ontarians, including long-term care residents, their families, and staff, is a top priority for our government. Since we first learned of this public health issue, the Ministry of Long-Term Care has worked tirelessly with our partners across the health system to implement enhanced measures to prevent and contain the COVID-19 virus.

.../2

I look forward to continuing to work with you as we build a 21<sup>st</sup> century long-term care sector that is well-resourced, puts residents at the centre, and provides the highest quality of care for our most vulnerable, when and where they need it.

Sincerely,

*Original Signed By*

Dr. Merrilee Fullerton  
Minister of Long-Term Care
